

Loss Control

The AmTrust Loss Control Department specializes in risk management support. We assist our underwriting department by assessing the conditions, practices and processes of the work environment to identify hazards and recommend strategies to management that can help reduce, control or eliminate accidents and losses. Remember, only you can prevent accidents and injuries in your workplace.

Because we know that access to information about Loss Control initiatives, best practices and training ideas can help control costs, we maintain an extensive Loss Control section on our website: www.amtrustfinancial.com.

The site features a Loss Control library, offering a wide array of safety training and educational materials that provide both technical guidance, as well as general safety and training resources.

These resources can assist employers in developing solutions to control hazards, train employees and solve risk management problems.

Training employees to observe Loss Control guidelines is an important part of any program. AmTrust provides you with access to a variety of training materials and videos.

Resources

We know companies need to control costs in today's competitive market. Promoting workplace safety to minimize employee injuries and expensive claims is one way to help achieve that goal. That is why we are dedicated to providing one of the most effective Loss Control programs available.

Streaming Videos

Complimentary videos are available on a variety of subjects for use in your safety and training meetings. These include instructor guides, handouts, quizzes and more.

Training Materials

AmTrust policyholders and insurance agents also have access to a variety of additional training materials at discounted rates.

Train-the-Trainer

We also offer on-site training for managers at the companies we insure.
